Technical Assistance to States

September 2014 – August 2019

Over the last 5 years, NCSI has provided differentiated TA to states helping them to transform their systems to improve outcomes for infants, toddlers, children, and youth with disabilities.

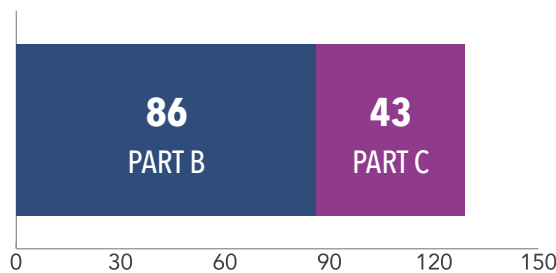

STATES AND ENTITIES RECEIVING TARGETED OR INTENSIVE TA

Over the five years, NCSI has provided intensive or targeted TA to all 60 Part B and 54 of the 56 Part C states and entities. All 116 states and entities have received ongoing universal support.

STATES TEAMS PARTICIPATING IN CROSS-STATE LEARNING COLLABORATIVES

NCSI has convened 129 state teams across Part B and C in ongoing work to address common areas of improvement in areas such as Language & Literacy, Result-Based Accountability, and Social Emotional Learning. Some states participated in multiple collaboratives.
